

FENIX AGREEMENT

Fenix Promise's

- Fenix will ensure to design your space taking into consideration your budget and timeline.
- All work will be presented professionally.
- Fenix is there to make your dream a reality, all ideas and preferences will be taken into consideration.
- Fenix will be up to date with trends and innovative design and ideas.
- Concepts will look at services and other products on the market to include in the design.
- Fenix will go to meetings with other professionals such as kitchen/bathroom/flooring etc services.
- In some circumstances Stages may be mixed/pulled together.

How the Stages and Pricing works

- Your Consultation Fee will be taken off your payment for the services when the project is agreed.
- Once all the elements of a stage are completed, a presentation will take place. After the presentation payment of the stage will be processed and then all documentation will be transferred for your availability (inc; CAD files, Sketch-up, Images, PDFs)
- If all stages are desirable, payment after each stage is processed before the next stage will start.
- Not all stages have to be used, such as if you had CAD plans which are CORRECT, this will not be needed. However final Interior Design Concepts will need CAD plans. If you are wanting a concept and re-styling then not all Stages may be needed. (This will be advised upon at the consultation.)
- Depending on the size of the space and detail of the work, all stages will take a different amount of time to complete. Fenix will be able to estimate a timescale during the consultation meeting.

Clients Promise's

- To feel able to call and meet with Fenix if there are any issues throughout the process.
- For payment to be processed after the presentation from each stage and understand that once this has been received all documentation will be at your availability.

All points above need to be agreed for work to start. Fenix stands for quality and affordable services and will always endeavor that you are happy with the result.

If you agree to the above statements please sign below, Fenix looks forward to starting!
